

**MEETING MINUTES**  
**LAUC-I General Membership Meeting**  
**28 October 2015**  
**[taken from e-mail by Beth Levrault]**

Hi all,

I'm going to be trying something a bit different this year with the LAUC-I minutes. Immediately (or as soon as possible after the meeting) I will simply send out action items, or short bullet points, from the minutes. Then I will clean up the minutes in the next week and send those out separately. Hopefully this will be more efficient.

**BULLET POINTS FROM TODAY'S MEETING**

- Contact Cynthia if you have suggestions regarding what you want the speaker from Google (Daniel Russell) to address in his talk at LAUC Assembly this year (at UC Merced).
- Contact Woo if you have suggestions regarding the new LAUC website.
- LRC Update: (Imamoto) Williams standing in for Eagle-Yun while she is out.
- Cost/Analysis Survey: Let Cynthia know if you think this is a good topic to discuss in future LAUCs.
- Email Cynthia if you don't think the Leadership Council update should be an agenda item.
- What kind of voice do we want to have in strategic plan? LAUC-I will co-sponsor 1 or 2 meetings to develop the plan. If people have ideas, tell Cynthia.

Thanks,  
Beth
