## Council on Research Computing and Libraries (CORCL)
## LAUC-I Academic Senate Representative
## 2021-2022 Report

**Submitted to General Membership:** August 31, 2022

**Submitted by:** Nicole Carpenter (term end 2022)

**Council/Committee Name (acronym):**   CORCL

**Council/Committee Charge:**

https://senate.uci.edu/committees/councils/council-on-research-computing-and-libraries-corcl/

**Link to Council/Committee Website:**

https://senate.uci.edu/committees/councils/council-on-research-computing-and-libraries-corcl/

**Frequency of Meetings:**   Monthly

**Major Activities:**

Feedback on UC Presidential Policy for Research Data, a proposal to establish a School of Population and Public Health, and an online BA in Business Administration for Transfer Students. Continued to work with the campus and their response to the integrative medicine report. Noted several ORUs that were sunsetted, were picked up at the School level and will no longer receive Office of Research funding.

**Issues of Concern to the Libraries:**

Data security/ransomware discussion brought about discussion of John R/ Madelynn with the cyber working group to reach out regarding library resources to save content and data.

John Renaud presented on UC Transformative Open Access Agreements (see not at bottom). Additionally, he and librarians (Nicole Carpenter, Nicole Arnold) met with Academic Senate Chair to discuss open educational resources (OER) and open education which led to another discussion with Division of Teaching Excellence and Innovation Mathew Williams (May 2022) around further collaboration.

**Recommendations for New Reps/New Year:**

Lorelei focuses on keeping the research community informed on transformative agreements (note: should cover 30% of UC articles, yet only 40-50% are using them) as well as events from the library and interesting resources acquired. By keeping informed about library happenings, you can add to her reports before the meeting, as she kindly checks in with the LAUC rep for any additional items.
