

The LAUC-I Executive Board and Program Committee invite you to November 12, 2003 Lunch with LAUC. The topic: professionalism.

Please join us for this informal discussion of one of the issues that was raised at the Special Librarians' Meeting last year.

LAUC-I Colleagues,

Attached at long last are the notes from the November 12th Lunch with LAUC-I brainstorming discussion on what it means to be a professional. The session drew a good and lively crowd; several among them suggested further collective discussion/forums related to this questions, including perhaps a scenario based discussion like we held last spring. LAUC-I Executive Board will take up this question at our next meeting on Wednesday, January 14th and we would very much appreciate any thoughts and/or suggestions you may have.

Thanks.

Joan Ariel
