Graduate Student Reference Assistant

I have spent my first two years in LAUC-I learning how our organization works with library administration, with other official campus organizations, and with other librarians in the UC. To this end, I have attended LAUC-I meetings, have become the LAUC-I liaison to the Committee on Undergraduate Admissions and Relations with Schools (CUARS), and attended LAUC Spring Assembly in 2002.

Brief Statement of Goals:

Through my experience, I realize that LAUC-I plays an important role in the professional lives of its members. In its advisory role, LAUC-I provides a voice and takes leadership on many key issues affecting our work environment and the campus community. If elected Member-at-Large, my goals will be to:

- fulfill the mission of LAUC-I in its advisory capacity
- foster communication amongst LAUC-I members and Executive Board
- maintain the importance of LAUC-I as an environment for discussing the professional interests of its members
