

**LAUC-I OFFICES  
MEMBER-AT-LARGE CANDIDATES**

LINDA S. MURPHY Science Library Reference
--

Candidate Statement:

Brief Biographical Sketch:

I have been with the UCI Libraries for over 16 years as one of the Health Sciences Librarian with a subspecialty and research interests in Complementary and Alternative Medicine (CAM). I spent 13 years working at the Grunigen Medical Center Library in Orange, and one year with the Meta-analysis Unit of the Susan Samuelli Center for Integrative Medicine conducting research in CAM. I returned to the Library in July 2002. Since then, I have been with the Science Library Reference Department and am also a member of the Medical Education Team.

Committees that I have served for LAUC and LAUC-I included the following:

LAUC-I

- LAUC-I Nomination Committee, 2003-2004
- Academic Librarianship committee, 2002-2003
- Professional Development Committee, 1998-2001.
- Member-At-Large, 1996-1997, 1997-1998.
- Academic Senate Research Committee, 1993-1996.
- Library Planning & Services Committee, 1993-1996.
- Library Review Committee, 1990-1993, Co-Chair 1992-1993.
- Academic Senate Affirmative Action Committee, 1990-1993.
- Hospitality & Social Committee, 1987-1988.

LAUC

- Statewide Cultural Diversity Committee, 2003-04.
- Research and Professional Development Committee, 2000-2001
- University of California Electronic Scholarly Communication Task Force, 1994-1995.

Brief Statement of Goals:

After a two-year hiatus, I am slowly but surely back to be an active member of LAUC-I. I strongly believe that serving as an executive member of LAUC-I through the Member-at-Large, I will gain the first hand knowledge of LAUC and LAUC-I activities. I can utilize this knowledge to further contribute my time and energy to the members of this organization.
