

## LAUC-I Professional Development Committee Report 2004-2005

The members of the committee were:

John Sisson (02-05) Chair (04-05)

Collette Ford (03-06)

Steve MacLeod (04-07)

Katherine Harvey (04-07)

Our activities this year were focused mostly on the LAUC grants and researching grant-writing tips for a proposed program. We have not had any LAUC grant applications from UCI for several years. The PDC gave a "Lunch with LAUC" session on applying for the LAUC grants in October. We reviewed LAUC Grant applications as a committee in January and February. We spent the Spring working on a plan for a "Lunch with LAUC" program on Grant writing but were unable to find a time to schedule it because of our intense interview schedule.

As chair I worked on the Librarians at UCI page, giving input on design and training in creating faculty profiles. I also worked served on the LAUC Research and Professional Development Committee. We reviewed LAUC grant applications and I helped create a LAUC Grant reporting form. I also help work on an updated list of all recipients of LAUC grants that was being created confirming who still worked at UCI.

The PDC recommends that the 2005-2006 PDC work on establishing our LAUC-I Mentor Program(s) and developing guidelines for a possible LAUC-I mentorship award
