

Book Discussion: Everything is Miscellaneous

Where: LL 570 or SL 104

When: March 19, 2008 (Wednesday)

Hi all,

As mentioned in last month's Lunch with LAUC-I, the Program Committee will host a discussion of the book *Everything Is Miscellaneous: The Power of the New Digital Disorder* by David Weinberger. As an incentive to read and attend, the program committee will purchase a copy of this book for you. That's right, a free copy! This offer is open to all library staff interested in attending the session. It is a slim book that we hope will be an informative and entertaining read, and though we hope you enjoy it enough to finish, completion of the book will not be a requirement to attend.

If you would like a copy of the book, please email me. Please try to let me know by January 25th so that I can place the order at the UCI Bookstore.

The Program Committee is also looking for one or two volunteers who would be interested in leading a lively and informal discussion of this book. If you are interested, please let me know.

For more information about the book, Mitchell Brown discovered this link to Google video for your viewing pleasure:
